

Room by Room Spring Cleaning Checklist

Cleaning Tips:

- Turn up the music and get the whole family involved.
- Start at the top. Clean ceilings, walls, and sills.
- Categorize and organize as you go.
- Think vertical. Find ways to store things on the ceilings or even on the walls.
- Don't be afraid to let go. Seriously, if in doubt, throw it out.
- Once you've organized your clutter, take the deep dive and clean everything. Move furniture—Wash curtains and bedding. Clean under rugs and take the rugs outside and shake the dirt out.

Here's what you'll need:
